

Zoo Animal Mazes

Fran Newman-D'Amico

Find the right path and show this prairie dog the way to his burrow, where he will store his acorn.

The ostrich needs to get to her egg. You can see the chick hatching! Please show her the way.

It's nap time, and the gorilla wants to sleep on his favorite log. Show him the path to get there.

Koalas eat eucalyptus (you-kuh-**lip**-tiss) leaves. Help this koala climb up to get those yummy leaves!

Seals love to play in the water. Show the seal at the bottom the way to get to her friends.

The kangaroo and her baby are ready to hop to Kangaroo Hill. Help them find the way to the end of the trail.

This penguin would like to lie on the rock and enjoy the sun. Find the path to help him get there.

The elephant is the largest zoo animal.
Help this elephant find the way to
the hay at the end of the path.

The lion wants to lie down under that shady tree.
Find the path for him to take to get there.

Flamingoes walk on long, thin legs. Find the way for this flamingo to get to her friends.

The baby hippopotamus needs to reach his mother.
Find the path for him to follow to get there.

A panda chews on bamboo for much of the day. Help this panda find the way to reach the bamboo forest.

Help this buffalo find the right path to reach the tasty plants at the end of the trail.

This sea turtle wants to swim to her friend at the other end of the stream. Please help her find the way.

A rhinoceros is always ready to eat some tender grass. Help this one find the right path to reach its meal.

These zebras would like to get back to the trees across the way. Find the path that will take them there.

This polar bear cub is far from its mother. Help the mother bear find the path to reach her baby.

The giraffe at the start of the path wants to join her friend at the water hole. Please find the way for her.

A chimpanzee is a good climber. Help this one find its way to the very top of the tree.

The alligator wants to visit her turtle friend on the other side of the swamp. Help her find the path there.

This tiger needs to get down to the bottom of the cliff. Find the way for him to get there.

The lemur (**lee**-mur) on the bottom branch wants to join her friend up above. Won't you help her find the way?

Show this thirsty camel the way to the water at the edge of the sand. He will be very grateful.

The grizzly bear is ready to get some rest in his den.
Find the path for him to follow to reach it.

The otters are waiting for their friend to join them in the stream. Please show her the way.

This leopard has to follow a winding path to leave his cave. Show him the way to go outside.

It's a long way for the snake to reach her home. Show her the path to take around the cactus to get there.

Llamas are great climbers. Help this one find her way to the flat top of the mountain.
